

Elon Musk stated, “How do people then have meaning?...If there is not a need for your labor, how do you—what’s the meaning? Do you have meaning? Do you feel useless?”<sup>1</sup>

Our meaning comes from God. We are made in his image.

Pascal wrote:

What else does this craving, and this helplessness, proclaim but that there was once in man a true happiness, of which all that now remains is the empty print and trace?

This he tries in vain to fill with everything around him, seeking in things that are not there the help he cannot find in those that are, though none can help, since this infinite abyss can be filled only with an infinite and immutable object; in other words by God himself.

Manhood does not come from social status, self-discovery or life experience. Men pursue meaning and purpose and they will only find it when they humble themselves before a holy God. Put on the new man renewed in knowledge according to the image of Him (Col 3:10). Be filled with his spirit (Eph 5:18).
