

*What does it mean to shake the house of Israel?*

The concept of "shaking the house of Israel among the nations" is related to God's actions towards Israel and its relationship with other nations. God will "shake heaven and earth" impacting the nations of the world<sup>[1]</sup>. Shaking pertains to salvation and judgment<sup>[1]</sup>. God will make Israel "a proverb and a byword among all nations" as a consequence of their disobedience<sup>[2]</sup>. Israel suffers due to their own iniquity rather than God's weakness<sup>[3]</sup>. God intends to "set [His] glory among the nations" through His judgments and Israel's restoration<sup>[3]</sup>.
